

# HOT OR COLD. YOU CHOOSE.

Introducing Avéon: the all-in-one climate control system that cools in summer and warms in winter.

Using the most intelligent technology available on the market today, Avéon allows you to select the perfect temperature for your home or office, no matter what the season.

Benefits that come standard with your Avéon comfort system:

- **Degrees of choice**  
Heating and cooling temperatures can be monitored and adjusted to a 24 hour timer either via remote control or by using the stylized display panel.
- **A breath of fresh air, evenly distributed**  
The sophisticated air-filtering mechanism removes dust particles, harmful bacteria and fungi from the air, while the auto swing function ensures effective air movement.
- **Accelerated response**  
An anti-corrosion film on the evaporator, coupled with a cooling system that is extremely responsive, ensures the room cools quickly, and you save money on electricity bills!

**Available from Reco and approved contractors nationwide.**
